IMPORTANT TO FRUIT-GROWERS IN BRITISH COLUMBIA.

DOMINION DEPARTMENT OF AGRICULTURE,
 OTTAWA.

BY AN ERROR a number of copies of the "Fruit Marks Act," without the amendments of 1902, have been distributed by the Department of Agriculture. The chief amendments are in section 4, which now reads as follows;—"Every person who, by himself or through the agency of another person, packs fruit in a closed package, intended for sale, shall cause the package to be marked in a plain and indelible manner, before it is taken from the premises where it is packed—(a) with the initials of his Christian names, and his full surname and address; (b) with the name of the variety or varieties; and (c) with a designation of

the grade of fruit, which shall include one of the following six marks: for fruit of the first quality, No. 1, or XXX; for fruit of the second quality, No. 2, or XX; and for fruit of the third quality, No. 3, or X; but the said mark may be accompanied by any other designation of grade, provided that designation is not inconsistent with, or marked more conspicuously than, the one of the said six marks which is used on the said package. Other important sections are 6 and 7, which read: No person shall sell, or offer, expose or have in his possession for sale any fruit packed in a closed package, upon which package is marked any designation which represents such fruit as of No. 1 or XXX, finest, best or extra good quality, unless such fruit consist of well-grown specimens of one variety, sound, of nearly uniform size, of good colour for the variety, of normal shape, and not less than 90 per cent. free from scab, worm holes, bruises and other defects, and properly packed. Sec. 7 reads: No person shall sell or offer, expose, or have in his possession for sale, any fruit packed in any package in which the faced or shown surface gives a false representation of the contents of such package; and it shall be considered a false representation when more than fifteen per cent. of such fruit is substantially smaller in size than, or inferior in grade to, or different in variety from, the faced or shown surface of such package.
